# In less than 20 years it's up to the new generation

How are we going to make them responsible  
media literate citizens?

Are you going to help them?

"I just have 5 more years to go to my retirement, so why bother"

"I cannot help them before I, myself, know enough about the online world"

But how??

Aren't the children the real experts?

OMG WTF 😱 #charliecharliechallenge

### It's a big hit on Vine

But don't take our word for it. Check out the compilation (warning there is some foul language):

Actually the 2 generations are more than willing to help each other

We are just not always aware of each other's willingness!
