UGREKHELIDZE Sevdia

Motivation Letter
for the position of Chamber of Regions

Dear Colleagues,

I am applying for the candidature of the vice-chair of Chamber of regions

I am the member of Georgian Delegation in the Congress of Local and Regional Authorities of the Council of Europe since 2009.

I always considered that work in the CoE Congress is very important for Georgia as post-soviet country with young democracy. As a lawyer and former attorney I have been participated in meetings, discussions on various problems of human rights watching, many times I was a member of the election observation missions. Since 2011 I was elected twice as a Vice-Chair of the Congress of Local and Regional Authorities of the CoE Congress.

In my city – capital of Georgia Tbilisi I am an elected member of Tbilisi City Assembly – for the fourth time since 2004. In 2013 – 2014 I was a Deputy Mayor and served as an Acting Mayor of Tbilisi. Nowadays I am Tbilisi City Assembly member and Chair of Faction “United National Movement”.

We consider European experience of local government development as very important example for our progress. We used to implement and develop it in Georgia, however I believe that there are still a lot of problems in our country in this direction.

If my candidature will be accepted I will work on to gain as well as to share the experience I have regarding the local democracy development. I am eager to have closer communications with active structures of the CoE - sharing of experiences will help us to find the best solutions for the democratic development of Georgian local and regional governances.
