
REGIONAL PLANNING OF SOCIAL SERVICES IN BULGARIA

May 24, 2011

Elena Manasieva
Ministry of Labour and Social Policy

Strategic documents

- ❑ **Strategy for Decentralization**
 - ❑ **National Strategy for the Child 2008 - 2018**
 - ❑ **National Strategy “Vision for Deinstitutionalization of the Children in Bulgaria” and Action Plan**
 - ❑ **Strategy for Equal Opportunities of People with Disabilities**
-

Objectives of the regional planning of social services

R.S.4

- Developing services according to the needs of the targeted communities and groups
 - Improving the coordination of social services in the region
 - Improving the distribution of services in each region and municipality
 - Improving the distribution of the financial resources
 - Better involvement of all stakeholders in planning, designing and provision of services
-

R.S.4

Предлагам да се премести тук, защото по този начин по-ясно се дава обосновката, защо е избран регионалният подход при планирането

Ralitza Sechkova; 17/05/2011

Regional planning as a process

- Step 1:
 - Building partnerships, setting an organization for planning, preparation
 - Step 2:
 - Needs assessment and situation analysis
 - Step 3:
 - Development of Regional Strategy - strategic planning of social services and mainstream measures for social inclusion
 - Broad consultation process
 - Step 4:
 - Approval of the Regional Strategy
-

Regional planning as a partnership

■ Key partners

- ❑ Regional authorities
 - ❑ Municipal authorities
 - ❑ Regional and local level structures of state government in social, health, education and other related fields
 - ❑ Social services providers
 - ❑ NGOs and civil action groups
 - ❑ Informal leaders of vulnerable communities
 - ❑ Social services beneficiaries
-

Key quality results from the regional planning

- The parameters of the future national map of social services have been **outlined**
 - The attitudes on the need and importance of services have been **changed**
 - Better understanding and support of the process of deinstitutionalization have been **achieved**
 - **Accumulated** experience in a partnership and mobilizing of participation
-

Regional planning and prevention of violence and support to children at risk (1)

R.S.7

- Integrated approach R.S.9
 - Planning and development of services both for prevention of violence and support to children – victims of violence
 - Efforts to synchronize social services with mainstream measures for development of social resources of vulnerable families - at national and municipal levels
-

Slide 7

R.S.7

Миленка, тук идеята е да се фокусира върху превенция и подкрепа при различни форми на насилие, но не знам дали заглавието е добре

Ralitza Sechkova; 17/05/2011

R.S.9

Тук има нужда от добавяне

Ralitza Sechkova; 17/05/2011

Regional planning and prevention of violence and support to children at risk (2)

R.S.8

- Inter-sectoral cooperation and involvement of all stakeholders :
 - Designing and implementing integrated services – health-social, educational-social, etc.
 - Joint measures of different stakeholders for prevention of violence and campaigns for public awareness building – such as school initiatives and educational campaigns against violence, trainings of teachers, family doctors for identification of cases of children abuse
-

Regional planning and prevention of violence and support to children at risk (3)

R.S.10

- Inter-municipal cooperation and networking for expanding the access to services and social support:
 - Basic social services for abused children and families at risk are planned as networks in order to cover most of small municipalities and isolated settlements – such as Community Support Centers, Crisis Centers and Centers for Social Rehabilitation and Integration
 - Promoting cooperation between different social services in providing support to children victims of violence and their families
 - Development of mobile component of social services
-

Regional planning and prevention of violence and support to children at risk (4)

R.S.11

- **Considering innovative services and initiatives of NGOs as an integral part of the social services for children and families at risk, such as:**
 - ❑ **Consultation centers with various focus**
 - ❑ **Shelters and services for crisis intervention for children and mothers**
 - ❑ **Centers for rehabilitation of children, incl. health services, art therapy, consultations , etc.**
 - ❑ **Social enterprises supporting reintegration of mothers or youngsters after acts of violence, trafficking, abuse**
-
